Figma UI Example: Customer Relationship Management

The image displays a collection of Figma wireframes for a Customer Relationship Management (CRM) application. The wireframes are organized into a grid:

- Dashboard:** Four cards showing different dashboard layouts.
- Projects:** Six cards showing various project management and task tracking screens.
- Calendar:** Two cards showing calendar views.
- My Profile:** A series of cards showing user profile management and settings.
- Employees:** Four cards showing employee management and profiles.
- Vacations:** One card showing a vacation request or approval screen.
- Sign in/Sign up:** A series of cards showing sign-in and sign-up flows.
- Add Project:** One card showing a project creation form.
- Add Event:** One card showing an event creation form.
- Team Lead:** Two cards showing team management and reporting.
- FAB:** One card showing a floating action button (FAB) interface.
- Messenger:** A series of cards showing messaging and communication features.
